Dear Friend

I think it so far probable that I shall sail from your city on the 1st of next month that if it is not too much trouble I will thank the Editor of the Pennsylvania to secure me a good state room if there can until the 21st inst. by which time I expect to get my next letters from England and to be able certainly to determine — I should feel obliged to thee to look in upon our Committee letter meeting before I call on the Dear Brethren and Sisters to search the memorials relating the Packets sailing on the Sabbath — I have the letter concerning for a week or 9 days to see Garrett Smith &c Excuse great haste

Very sincerely & respectfully
